TRADES ASSEMBLY.

Wheeling's Labor Magnates Met
Yesterday Afternoon.

CONVICT LABOR WAS DENOUNCED

And Regret at the Avowed Intention
of the State Penitentiary Board to
Employ It Expressed—Resolutions
on the Subject Were Passed—Glass-
workers' Delegates Admitted—Rou-
tine Business Transacted.

Onto Valley Trades and Labor
Assembly held a regular meeting at its
rooms yesterday afternoon, which was
fairly well attended by the delegates.
President Richard Robertson was in
the chair and Secretary Tom Saulsbury
at the secretary's desk. The only
credentials presented were those of Abe
Stumm, Frank Lyons, William Greener
and John G. Minkemeyer, of Local
Union No. 9, American Flint Glass
Workers' Union. This ends the flurry
in labor circles caused by the failure
of the glassworkers to select delegates to
the assembly recently.

The miners' delegates reported the
strike at the Elm Grove mines still on,
and reported that outside miners had
been imported to the mines. It is said
the trouble is between Chambers and a
few of the men. The Monksville
miners' delegates reported they had a
strike on there. One of the delegates
described the condition of affairs there,
and made the claim that under the
fifty-one cents scale the miner can
make but eighty-five cents per day.
Another delegate said that at the sixty-
five cent scale only \$1.25 could be made
at the Elm Grove bank.

A motion was made to put the work-
ing Elm Grove miners on the boycott
list. A delegate said that from the
latest reports it looks as though the
Ohio miners are going to accept the
fifty-one-cent scale, and wanted to know
what would be done with this fact
known. After considerable discussion
the motion to blacklist was finally passed.

The sub-committee of the West Vir-
ginia legislative committee reported that
the prospects for the construction of a
tunnel through Wheeling hill are good.
The Flint glassworkers' union reported
a resolution they had passed which
fully exonerated a trustee, and knocked
out the assertion of "one man and clique
rule."

The bond of the treasurer was placed
at \$100.

Mr. Michael Grogan, ex-president of
the assembly, made some very appro-
priate and sensible remarks regarding
the organization of new unions, and
asked that each delegate do whatever he
can in that direction.

Ex-President Dobler made some in-
teresting remarks on the need of labor
organization. He called attention to
the defects of the alien labor laws. It
was agreed that improvements in the
law are necessary.

A delegate mentioned the fact that
there is a movement on foot to abolish
the prison contract laws in Ohio, and
this brought about a discussion regard-
ing the probability that the manufac-
ture of hollow ware will be introduced
into the West Virginia penitentiary,
and finally the following resolution was
introduced and passed unanimously:

We, the Ohio Valley Trades and Labor
Assembly, hear with regret that the
West Virginia penitentiary board are
favorably considering the establish-
ment of a hollow ware industry in that
institution, therefore, be it

Resolved, That this assembly now, as in
the past, is opposed to the establish-
ment of any new industries at the West
Virginia penitentiary to come in contact
with the honest labor of our state and
elsewhere.

Resolved, That this assembly will use
every possible means to oppose this
tendency.

A delegate was asked what would be
done regarding the possible employment
of convicts in making hollow ware at
the state penal institution. He replied
that in a former instance a committee
from the trades assembly had appeared
before the board and succeeded in pre-
venting the establishment of a convict
labor system. In this case probably a
committee will appear before the board
and urge that the Columbus man's
proposition be declined.

THE ISLAND FERRY.

The Committee Had a Meeting Saturday
Evening.

The Islanders' soliciting committee
which has been in charge of the effort
to inaugurate a steam ferry in oppo-
sition to the two bridges, held a meeting
Saturday evening at Myers' hall, on the
Island. A committee of three practical
steamboatmen was appointed to nego-
tiate for the purchase of a steam ferry-
boat, a naphtha yacht and report to the
committee, as follows: Joseph Bremer,
Ad. Eberts and Capt. Thad. Thomas;
alternate, Captain Goodwin. It was
decided to have the board of directors
of the company comprise seven men,
and the following gentlemen who will
be voted upon by the stockholders at
their meeting on the 24th instant, were
nominated: M. J. McFadden, M. Hub-
bard, R. K. Giffen, John R. Mendel,
William McLaughlin, S. Jones, H. P.
McGregor, J. P. Maxwell, George House,
F. E. McCoy, E. C. Myers, R. S. Kinchloe,
Edward Schneider, W. E. Stone,
Will Conn and Charles E. Reed. The
committee decided to have tankard
walks leading up the bank on both sides
of the river.

WATCH THIEF CAUGHT.

A Bellaire Man Recovers Stolen Property
After a Hot Chase.

Yesterday Isaac Newton Lohman,
from Bellaire, made complaint at police
headquarters that he had been re-
ceived, involuntarily, of course, of a
valuable gold watch, on which was in-
scribed, "Wife to Husband," either at
the Baltimore & Ohio station at Bellaire
or on the train. He gave a description
of the man whom he thought had
worked this little sleight of hand busi-
ness on him, and Officer Trischler suc-
ceeded in nabbing the man in the Bal-
timore & Ohio yards yesterday afternoon.
The man was drunk, and had been put
in an empty car by railroad employes,
to whom he had said he wanted to go to
Denwood. Trischler heard that a man
was in the car, and as soon as he saw
him knew he was the man wanted. He
took him to headquarters, where he was
searched, and the watch was found.
The man gave his name as W. R. Ed-
wards, but said in his possession bore
another name—"Schwartz." The case
will probably figure in Justice Gillespy's
court today.

A BELLAIRE ROW.

Glassworkers Bitten by Thugs Saturday
Night.

There was considerable of a row
in Bellaire on Union street just
below the railroad Arcade Satur-
day night in which Scott Laville,
Seymour Dunlap and Ross Por-
ham, on one side and two glassworkers
whose names could not be learned on
the other. The glassworkers were
knocked down, one of them in the mid-
dle of the street and kicked vigorously,
but when bystanders called for police
the three named made tracks and were
well out of the way when Officer James
Johnston appeared. He got the two
glassworkers but on the way to the
lockup they broke away and the officer
sent a shot after them but without ef-
fect. Later one of them was caught, but
it is not at all probable much will come
of the matter, notwithstanding the ex-
citement created, as the parties are not
severely dealt with. The row started in
Grogan's saloon. This is the place
where Owen Burke was floored out of
\$10 by a stevedore about a week ago and
Grogan was recognized to court in a
bond of \$200. That was before the
grand jury meeting, but that jury did
not find a bill; nor did it have any evi-
dence against Grogan because none was
sent up. It is a long time till another
grand jury sits.

ROBBERY AT SHERARD.

Gieseler's General Store Robbed Saturday
Morning.

At an early hour Saturday morning
there was a robbery at Sherard. The
general store of D. F. Gieseler was en-
tered by the robbers who succeeded in
getting away with a quantity of boots
and shoes, tobacco and other merchan-
dise as well as the money drawer,
which, however, only contained two
Canadian quarters and one dime with a
hole in it. The thieves entered by
breaking through a window. The money
drawer was found in the M. E.
church, at Sherard, yesterday morn-
ing. The robbers are supposed to have
gone to either Benwood or Wheeling.
The postoffice was also located in the
Gieseler store, but the robbers were too
cute to fool with Uncle Sam's effects.

An Editor's Recommendation.

Mr. C. F. Davis, editor of the Bloom-
field, Iowa, Farmer, says: "I can recom-
mend Chamberlain's Cough Remedy to
all sufferers with colds and croup. I
have used it in my family for the past
two years and have found it the best I
ever used for the purposes for which it
is intended."

Tories were originally hands of Irish
outlaws. The Celtic word torce means

SALT-RHEUM: FLESH CRACKED OPEN

AND BLEED!

Miss LOTTIE CLARK, River Falls, Pierce
County, Wisconsin, writes:

"It gives me pleasure to express my faith
in the virtue of Dr. Pierce's Golden Medical
Discovery. Having suffered for three years
from salt-rheum, and after having been un-
successfully treated by a good physician, I
began the use of the 'Discovery.'
The humor was in
my hands. I was
obliged to keep a
covering on them
for months at a
time, changing the
covering morning
and night. The
tingling, burning
and itching sensa-
tion would be so
intense that at
times it seemed as
if I would go crazy.
When I began the
fingers, the flesh
would crack open
and bleed. It is
impossible for me to describe the intense pain
and suffering which I endured night and day.
After taking six bottles of the 'Discovery'
I was entirely cured.
I cannot praise Dr. Pierce's Golden Medical
Discovery enough." Sold by Dealers.

An Odd Thing

About a rain storm is that the HARDER it rains the more SOFT
water falls, and another thing is that the more the water falls,
the faster the water falls go, and, speaking about rains, no
matter how low you buy an UMBRELLA, it always
GOES UP when it rains. Some men only need a few "Drops"
to raise a storm (when he gets home). The way to get more
cigar for your money is to smoke it till it's only an inch long,
and then smoke it a little longer. The way to get cigars for
nothing is to take advantage of our "ODD AND END" Sale this
week, and buy them with your saving. Its a possible
thing that the very Suit that you want is among the odd ones,
and if it is you can save two, three, four or five dollars. You
might find an OVERCOAT among the odd ones at a saving
of a few dollars. You might save a few cents on a NECK-
TIE. (Look at our east window.) There's nothing the mat-
ter with these things, only there what's left from some quick
selling lot, and we are closing them out. We've got a few
odd Suits among the BOYS' CLOTHING, too, and they'll
be sold to you so's you can buy the boy a New Hat and a pair
of Shoes with the difference between the old and new prices.
That's even so!
